

nPOD Acceptance Criteria

March 19, 2018

Here at nPOD we are very grateful for our OPO partners and the time, effort you put forth to help us on our quest to find a cure for type 1 diabetes.

Please call nPOD 1-866-731-6585 when you have donors that meet the following criteria:

- Type 1 diabetes: Donors 40 years or less in age with a type 1 disease duration of 7 years or less.
- Any Donor 30 years in age or less, with a BMI of less than 30 where the cause of death was related to Diabetic ketoacidosis (DKA).
- Transplant: Any donor with a history of type 1 diabetes who has received a pancreas, islet or pancreas/kidney transplant.
- Autoantibody positive donors 30 years in age or less, with at least 1 or more autoantibodies, (for those OPOs that screen with nPOD).
- Donors 26 weeks gestation to 10 years in age, all donors.
- Donors with a diagnosis of cystic fibrosis, any age.

Inclusion/Exclusion Criteria for nPOD Donors

(Except Type 1, Autoantibody and Transplant donors, for these groups still call as we may accept)
